Subject: Official letter of support from MODOM (FYEG Member Organisation)

Dear Federation of Young European Greens,

On behalf of MODOM's presidency, I am writing this letter of support for Zuzana Pavelková for the position of Member of Executive Committee (EC) of FYEG.

We believe that Zuzana is a fully competent person on this position based on the fact that she has huge experience in organizing, ability to work with many different people and enthusiasm as a Green activist.

We have seen her in action as part of the working groups, events and campaigns, she is a motivated person full with ideas who pays attention to details.

Based on those and many other reasons, MODOM supports Zuzana to be accepted as a Member of Executive Committee (EC) of FYEG.

We are looking forward on working together.

Sincerely,

Milan Nikolovski
Member of the Presidency of MODOM
