

Dear Member Organisations and EC of FYEG,

The Young Greens of England & Wales wishes to formally support Zuzana Pavelková for the position of Executive Committee Member for the Federation of Young European Greens. We have found Zuzana to be both an exceptional activist and fundraiser and believe her presence on the FYEG EC will provide strong growth of the organisation.

I had the privilege to work with Zuzana this year on the Global Greens Congress and the only way to describe her is as a fundraising powerhouse. Zuzana worked tirelessly to bring activists from the global south to Liverpool against all odds, fighting for visas from a UK government obsessed with shutting doors and getting MEPs, parliamentarians, foundation and green MOs alike to dip into their pockets and support the event. Zuzana is steadfast and determined to the point that even on the day before the congress started she was working to get last minute bookings for flights through. During the congress she also fundraised hard selling raffle tickets and any opportunity.

After this experience the Young Greens of England and Wales welcomed Zuzana's approach to us for support in her candidacy. FYEG needs an EC member who can be a strong fundraiser but also someone with a creative approach to activism as well. Our members who have worked with Zuzana hold her activism in high regard noting for example her work in protesting for refugee rights in the Czech Republic and Hungary.

Yours Sincerely

Sam Murray

Co-Chair of the Young Greens of England & Wales
